Lightroom

Photos

- ***Survey View***
    - o Located next to X Y
    - o Use if you have several photos that are the same
    - o Press Shift Tap to hide the panels – better view
    - o Click on the first photo
        - ▪ Press the shift key down and select the last photo in the group
    - o Then click on the **X** to remove photos you do not want
        - ▪ Only remove the photo from the Survey View – not from LR
    - o Flag your top photo in that group
